PROJECT TOPIC: ONLINE COLLEGE ADMINISTRATION SYSTEM

The online college administration system is a software intended to digitize and make paperless college campus activities of all department such as accounts, admission, library, labs, examination portal, transport, details of each and every member of the college (teaching and non- teaching staffs, students), hostel/PG, Inventory, HR and more. It will be designed in such a way so that the authorities or the administrators can track all college activities such as Fees payment, Salary Automation, Human Resources, Attendance and more. The software will have a decent GUI so that all the users and admin can handle each and every job easily and efficiently. From this complete project, we hope to build a better and more efficient online software for College Administration Management.

Group Members:
1) Sakshi Gupta (Roll: 22)
2) Shashwat Roy (Roll: 23)
3) Surya Chakraborty (Roll:24)
4) Shubham Sarkar (Roll:25)
5) Swastik Biswas (Roll: 26)
